## **PCT THE NATIONAL PHASE**

**1.- Full inventors data.-** Name, complete address, including the street and house number, citizenship, and occupation.

**2.- WIPO Publication.-** It is only necessary to provide us with the front sheet of WIPO. We are able to download the entire WIPO Publication. We can prepare the necessary translation. However, if you wish to send us said translation.

Furthermore, please note the translation into Spanish of the specification can be submitted before the Mexican Patent Office within the next two months from to file.

**3.- Drawings.-** Although you can file informal drawings with the application, the formal ones can be filed within a two-month term of the filing date.

Please take note there are additional filing requirements such as:

**Power of Attorney.-** In our website, you will find the POA Format to be filled as it is indicated in the instructions.

Also, form to be used when the applicant is an individual.

**NOTE:** POA document only requires to be attested by two witnesses and to indicate their full name and address right below their signature. Neither notarization nor legalization is required. Copies are not accepted by the Mexican Patent Office.

Also, please take note if the POA is granted by a corporation or any other corporate entity for the procurement of legal protection only. Neither notarization nor legalization is required, but only to indicate right below in the text of the Power of Attorney itself, the corporate resolution (such as Chart of Incorporation, or By-Laws, or Board of Directors Meeting, or the like), whereby The Officer executing this Power is given to the authority Powers of Attorney or this specific Power, mentioning its date of execution. The signatures of two witnesses are also required, indicating their names and domiciles.
